510(k) SUMMARY

1. Submitter

- | | |
|-----------------------------|--|
| 1) Name | KURARAY MEDICAL INC. |
| 2) Address | 1621 Sakazu, Kurashiki, Okayama 710-8622, Japan |
| 3) Contact person | Koji Nishida
DENTAL MATERIAL DEPARTMENT |
| 4) Date | August 9, 2001 |
| 5) Contact person in U.S.A. | Masaya Sasaki
30th Fl. Metlife Building, 200 Park Avenue, New York,
NY 10166
Telephone : (212)-986-2230
1-(800)-879-1676
Facsimile : (212)-867-3543 |

2. Name of Device

- | | |
|------------------------|---|
| 1) Proprietary Name | CARIES DETECTOR |
| 2) Classification Name | Caries Detection Device (21 C.F.R. Section 872. 1740) |
| 3) Common/Usual Name | Caries Detection Device |

3. Predicate device:

Kuraray Co., Ltd. will transfer the medical device business and the relevant functions including manufacturing facilities to its subsidiary company named Kuraray Medical Inc. on October 1st 2001. The aim of 510(k) submission is to alter the name and address of manufacturer, and not to intend other changes.

The predicate device is as follow.

- | | | |
|----|--------------------------------------|-----------|
| 1. | CARIES DETECTOR by Kuraray Co., Ltd. | (K951813) |
| 2. | Kar-D-Tek by Gresco Products Inc. | (K913405) |

4. Description for the premarket notification

This product is classified into Caries Detection Device, CFR 21 Section 872. 1740.

Two of the predicate devices listed in section 3 operate by means of applying dyes to teeth to stain areas of decay. They do not involve chemical reactions, nor use electrical current or optical instruments. The methods of operation of these devices is similar to that of plaque disclosing agents in that they stain the affected areas.

5. Statement of the intended use

The intended use of this device is as follow. It is completely the same as CARIES DETECTOR

manufactured by Kuraray Co., Ltd. (K951813).

1) Detection of carious dentin

6. Statement of the technological characteristics and safety

This device is essentially the same as CRIES DETECTOR manufactured by Kuraray Co., Ltd. (K951813). Therefore the technological characteristics, chemical ingredients and safety of this device are completely the same as CRIES DETECTOR.

Re: K012733

Trade/Device Name: Caries Detector
Regulation Number: 872.1740
Regulation Name: Caries Detection Device
Regulatory Class: II
Product Code: LFC
Dated: August 9, 2001
Received: August 14, 2001

Dear Ms. Sasaki:

We have reviewed your Section 510(k) premarket notification of intent to market the device referenced above and have determined the device is substantially equivalent (for the indications for use stated in the enclosure) to legally marketed predicate devices marketed in interstate commerce prior to May 28, 1976, the enactment date of the Medical Device Amendments, or to devices that have been reclassified in accordance with the provisions of the Federal Food, Drug, and Cosmetic Act (Act) that do not require approval of a premarket approval application (PMA). You may, therefore, market the device, subject to the general controls provisions of the Act. The general controls provisions of the Act include requirements for annual registration, listing of devices, good manufacturing practice, labeling, and prohibitions against misbranding and adulteration.

If your device is classified (see above) into either class II (Special Controls) or class III (PMA), it may be subject to such additional controls. Existing major regulations affecting your device can be found in the Code of Federal Regulations, Title 21, Parts 800 to 898. In addition, FDA may publish further announcements concerning your device in the Federal Register.

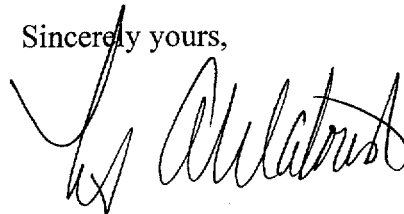

Please be advised that FDA's issuance of a substantial equivalence determination does not mean that FDA has made a determination that your device complies with other requirements

of the Act or any Federal statutes and regulations administered by other Federal agencies. You must comply with all the Act's requirements, including, but not limited to: registration and listing (21 CFR Part 807); labeling (21 CFR Part 801); good manufacturing practice requirements as set forth in the quality systems (QS) regulation (21 CFR Part 820); and if applicable, the electronic product radiation control provisions (section 531-542 of the Act; 21); CFR 1000-1050.

This letter will allow you to begin marketing your device as described in your 510(k) premarket notification. The FDA finding of substantial equivalence of your device to a legally marketed predicate device results in a classification for your device and thus, permits your device to proceed to the market.

If you desire specific advice for your device on our labeling regulation (21 CFR Part 801 and additionally 809.10 for in vitro diagnostic devices), please contact the Office of Compliance at (301) 594-4613. Additionally, for questions on the promotion and advertising of your device, please contact the Office of Compliance at (301) 594-4639. Also, please note the regulation entitled, "Misbranding by reference to premarket notification" (21CFR 807.97). Other general information on your responsibilities under the Act may be obtained from the Division of Small Manufacturers, International and Consumer Assistance at its toll-free number (800) 638-2041 or (301) 443-6597 or at its Internet address <http://www.fda.gov/cdrh/dsma/dsmamain.html>.

Sincerely yours,

A handwritten signature in black ink, appearing to read "Timothy A. Ulatowski", is written over the typed name and title.
